

FURY OF BATTLE OF THE SOLOMONS MOUNTS

Million-Man Army Squeezes Stalingrad From Both Sides

Naval Supremacy Of Pacific is Stake In Widening Battle

By JOHN H. WIGGINS

Washington, Aug. 26.—(AP)—The battle of The Solomons apparently is raging with increased fury and in a widening area today as the Japanese rushed reinforcements for a huge armada seeking to recapture American-held shore bases.

Locked in thunderous sea and air engagements which may possibly determine naval supremacy of the Pacific, American forces inflicted severe damage on enemy warships and planes in the southeastern group of The Solomons while about 450 miles west Allied planes from General MacArthur's headquarters made it clear that Japan is risking a heavy portion of its fleet in a desperate effort to dislodge American marines from their hard-won positions in The Solomons.

The counter-attack already has brought bombing or torpedoing of more than a half-dozen Japanese ships in The Solomons plus the strafing of two transports and destruction of a gunboat off southeastern New Guinea.

Sharp Blows Being Struck By Americans

Berlin (From German Broadcasts), Aug. 26.—(AP)—A great fire is raging in Stalingrad and the city has been pounded day and night by the German air force with high explosive and incendiary bombs, the Nazi communique declared today.

A large river vessel on the Volga has been sunk, three others damaged and a tanker set afire, it added.

The war bulletin again reported that Nazi Alpinists had stormed passes high in the Caucasus mountains against fierce Russian opposition.

In the sector west of Leningrad, where the Russians have been attacking, it said the Red army had been driven back after extremely hard fighting.

The damaged vessels included one large and one small aircraft carrier. Only eight carriers were known to have been part of the enemy fleet before Pearl Harbor, although others undoubtedly have been added secretly. Six Japanese carriers were sunk in previous actions including four in the Midway battle, one probably destroyed, and three others damaged there and off the Aleutian Islands.

Additional punishment in the Solomons battle was inflicted by Allied carrier-based planes on a Japanese battleship and several cruisers. U. S. aircraft left another enemy cruiser and transport in flames.

Thus far there have been no reports on the extent of American losses beyond the minor damage suffered at the opening of the conflict on August 23, when 21 Japanese planes were listed as destroyed in an attack on Guadalcanal Island.

Approximately 150 miles west of the convoy action, MacArthur reported destruction of 13 grounded planes and silencing of an anti-aircraft battery in two surprise attacks.

North African Front is Quiet

Cairo, Aug. 26.—(AP)—British planes and direct hits on an Axis transport in the Mediterranean and attacked a land convoy moving reinforcements over the Salum-Matruh road toward the enemy front lines in North Africa, the British headquarters-RAF communique said today.

Otherwise, however, the Egyptian front was quiet save for customary harassment of enemy patrols and working parties Monday night.

The Italian high command reported that it was preparing for a second front.

WAR BULLETINS

Bern, Switzerland, Aug. 26.—(AP)—The Rome correspondent of the Tribune de Geneve said today that reports of Allied concentrations of transports and warships at Gibraltar and West African ports were current in Italy, where they were interpreted as possible preparations for opening a second front.

Ottawa, Aug. 26.—(AP)—The wartime prices and trade board announced today removal of the over-all price ceiling from Canadian and imported newspapers, magazines and periodical publications in general, leaving the press "free to adjust rates and safeguard its revenues."

Caracas, Venezuela, Aug. 26.—(AP)—The foreign ministry announced today that Venezuela will treat Brazil as a non-belligerent automatically under terms of a December 12 decree extending such treatment to any American nation that goes to war against the Axis.

London, Aug. 26.—(AP)—Single planes of the RAF bomber command attacked targets in western Germany and Holland by daylight yesterday, the air ministry said today.

REPATRIATES STILL BEING QUESTIONED

One Hundred and Fifty Passengers Aboard Diplomatic Liner Gripsholm Taken to Ellis Island

BUT FEW DISEMBARKED

Jersey City, N. J., Aug. 26.—(AP)—Government officials announced today that about 150 passengers among the more than 1,500 repatriates aboard the diplomatic liner Gripsholm had been taken to Ellis Island for questioning.

While there was no official comment on the reason for this, ostensibly it was because officials had found their papers unsatisfactory or wished to question them more intensively.

The U. S. Immigration station is on Ellis Island and it is there that enemy alien hearings are conducted. There was the possibility that some might have been transferred there because of illness, since there is also a government hospital on the island.

Until last midnight about 300 passengers—including all of the American diplomats—had been disembarked, but by 10 a. m. (EWT) today only about four or five more had left the ship and a customs official said it would take several more days at least to clear all the passengers who were brought here from the Orient in exchange for Japanese and the nationals in this country.

Some of those leaving the ship today said they had not been treated badly by the Japanese, but Harold S. Gunn of Brookline, Mass., for the past two years the representative of Warner Brothers in Shanghai, declared that while he had been cautioned not to submit to interviews he could say that treatment of prisoners in Shanghai was very bad.

"I was imprisoned—not interned—for 64 days," he said. "And all that time was spent in a cell 15 by 17 feet with 30 other prisoners, mostly orientals. Our daily (Turn to Page Nine)

MacArthur's Fliers Deliver Destructive Low-Level Attacks in Airports

CASUALTIES ARE HEAVY

By C. YATES McDANIEL

Melbourne, Aug. 26.—(AP)—Gen. MacArthur's fliers had one of their busiest days yesterday with hard hitting offensive and defensive blows while Allied sea and air forces were fighting off a powerful Japanese counter blow in the Solomons.

Observers, who may not be quoted by name, said today the sea battle 900 miles east of Australia may well write a decisive climax to the first act of the drama of the Solomons.

Medium and heavy American and Australian bombers delivered destructive low level attacks on an enemy landing field in the Buna area of New Guinea, burning 13 Zero planes on the ground; hammered key Japanese bases at Timor and New Britain; attacked landing barges and supplies south-east of Buna and a small convoy of the Trobriand Islands.

The attacks off the northeast shore of New Guinea on the barges and convoy indicated the Japanese were attempting to creep southeastward along the shore. The Trobriand Islands lie due south of New Ireland and 165 miles northeast of Buna. The convoy was escorted by warships, and one gunboat was sunk.

Seaport Town Is Swept By A Tidal Wave

New York, Aug. 26.—(AP)—Two earthquake shocks described as of moderate intensity were recorded yesterday at 4:25:27 p. m. (EWT) and 4:32:12 p. m. on the Fordham University seismograph.

The center of the disturbance was estimated to be about 3800 miles from New York in an undetermined direction.

By LUIS LEON

Lima, Peru, Aug. 26.—(AP)—The residents of the little seaport of Lomas fled to the hills in terror last night when new earth tremors shook the village, which had been rocked by a severe earthquake Monday then swept by a tidal wave.

The main quake in the region south of Lima occurred Monday and struck the towns of Nazca, Palpa, Ica and others causing at least 12 deaths, numerous injuries and unestimated property damage.

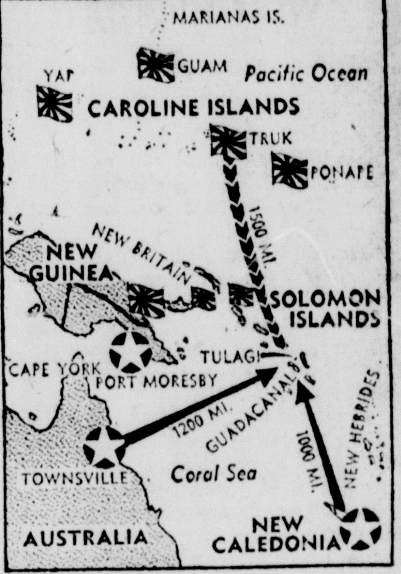

The tidal wave at Lomas, which lies between Callao and Mollendo, was first reported today. Reports (Turn to Page Nine)

CHICAGO BUND LEADER ENTERS NOT GUILTY PLEA

New York, Aug. 26.—(AP)—Otto Willmet, Chicago leader of the German-American Bund and confessed Nazi spy, pleaded innocent today to federal court indictment charging conspiracy to counsel Bund members not to serve in U. S. armed forces, and a plot to make false statements in violation of the alien registration law.

He was held in \$10,000 bail for trial with 25 other Bund leaders on September 8.

Japs Hit Back in Solomons

Jap forces—presumably striking from their big base at Truk—renewed the battle of the Solomon Islands in a daring counter-attack that developed into one of the southwest Pacific's biggest air-sea battles.

Surprise Test Held In East Early Today

Sirens Wail Signal at Three A. M. in Five Counties In the State

IS LABELED A SUCCESS

Philadelphia, Aug. 26.—(AP)—Under a full moon that had just emerged from total eclipse, more than 10,000 civilian defense officials in five eastern Pennsylvania counties were routed from bed early today for a surprise half-hour blackout.

Starting at 3 a. m. EWT, it was the third such test in as many weeks and the first between midnight and dawn in the areas, which embrace Philadelphia, Delaware, Chester, Montgomery and Bucks counties.

Unlike the joint Pennsylvania-New Jersey drill two weeks ago, there were no "leaks" to mar the surprise element. Even the county defense chairman until two and a half hours before the sirens began to wail.

From a standpoint of surprise and efficiency of air raid warnings, police and fire auxiliaries, the blackout was described as a complete success. It fell short of perfection, however, because some street lights remained on and there were some light violations in homes.

Most householders were asleep and principal participants in the test were all-night restaurants and "lobster shifts" at factories.

Judge Harry S. McDewitt, executive director of the Philadelphia Defense Council, said the five-county defense chairman received first (Turn to Page Nine)

KILLED IN BLAST

Beaver, Aug. 26.—(AP)—Joseph Spooner, 55, of Vanport, Beaver county, was killed yesterday by a premature explosion of dynamite in the McLain Brick Company's mine where he was working.

Norwegians Are Deported

Bern, Switzerland, Aug. 26.—(AP)—Five hundred Norwegian workers who attempted to leave their jobs on Nazi fortifications have been deported to Germany where they will be treated as prisoners of war, a Stockholm dispatch to the National Zeitung of Basel said today.

Numerous contingents of such workers were said to have been shipped from south Norwegian ports in the last few days.

Another Stockholm dispatch, to the Neue Zuercher Zeitung, said the Norwegians thus far had paid Germany at least 4,000,000 kronor as costs of occupation. (The krona is quoted now in terms of U. S. currency, but its pre-war value was about 45 cents.) This sum is three times the country's national debt as it stood in June, 1939, and double the total foreign trade for the last year of peace, the dispatch said.

It asserted that Norwegian banks are compelled to place much of their liquid capital in state credits and also must invest large amounts in the mining industry, which has come under sway of Germany's big Hermann Goering works.

DUKE'S DEATH IS NOT DUE TO ENEMY ACTION

All Britain Offers Understanding Sympathy to Royal Family, Bereaved in Air Crash

INVESTIGATION STARTS

London, Aug. 26.—(AP)—All Britain, where the grievous message "killed in active service" has darkened countless households, offered understanding sympathy today to her royal family, bereaved by the death of the Duke of Kent, King George's youngest brother, on a wartime mission.

The Duke, fifth in order of succession to the throne, died in the line of duty yesterday when the Sunderland flying boat which was taking him to Iceland for the RAF crashed in northern Scotland.

Circumstances surrounding the crash of the four-engined, 20-ton flying boat were held in strict secrecy but an authoritative source said it was in no way due to enemy action.

The plane was believed to have crashed against a mountain.

The Lord Chamberlain announced that by command of the king the court would remain in mourning four weeks.

Fourteen of the 15 persons in the plane were killed and their bodies recovered. The only survivor was the rear gunner.

Among those in the plane was Michael Strutt, the Duke's aide and son of Lord Eelper.

The body of the Duke, who was the first member of the British royal family killed in an airplane and its first to become a fatality of war in a century, was to be brought to London later.

An air ministry investigation has been launched into the crash, which occurred in desolate country about 60 miles from the take-off.

Press reports said it was an air crash where other planes have been wrecked. Semi-official sources emphasized that the pilot was one of the most capable in the RAF.

The news reached Queen Mother Mary somewhere in the west of England and the Duke's oldest brother, the Duke of Windsor, in the Bahamas.

Messages from all corners of the world flowed into London.

Because of the wartime necessity for secrecy concerning the movements of the royal family, the funeral is expected to be private.

Major Talks Are Scheduled By President

Washington, Aug. 26.—(AP)—President Roosevelt today scheduled two additional, major radio addresses, one of which, on September 1, will be directed to the youth of the entire world.

The other, to be delivered August 31, will be made at the dedication of the new Navy Medical Center in suburban Bethesda, Md., on the 100th anniversary of the founding of the navy's Bureau of Medicine and Surgery.

The White House disclosed also that a forthcoming presidential speech centering on the problem of spiraling living costs and inflation probably would be on Labor Day.

The September 3 speech will take place at 12:30 p. m. Eastern War Time, and the immediate audience will be an assembly of the International Students Service here, including students from all of the United Nations.

The August 31 address, which will be about ten minutes long, Early said, is set for about 4:30 p. m. Eastern War Time.

Mr. Roosevelt revealed yesterday at his press conference that he was preparing a plan to keep down living costs by stabilizing both wages and farm prices.

ALUMINUM WORKERS WILL VOTE THURSDAY

Pittsburgh, Aug. 26.—(AP)—Thousands of CIO aluminum workers vote tomorrow at seven big plants of the Aluminum Company of America on whether they approve rejection of the War Labor Board's recent decision denying them a general wage increase.

Nick A. Zonarek, president of the union, said approval by the rank and file members would also give him power to call a strike in that vital war industry, if he deemed one necessary. The voting will continue tomorrow night.

CRUISE LAUNCHED

Quincy, Mass., Aug. 26.—(AP)—The new cruiser, Boston, bearing a name which five other American vessels have carried into fighting waters since the Revolutionary War, was launched today at the Fore River yard of the Bethlehem Steel Company. Mrs. Maurice J. Tobin, wife of the mayor of Boston, swung a ribboned champagne bottle against the gray warship in simple dedication ceremony.

23,121 State Employees Get Boosts in Pay

Workers in Three Lower-Paid Brackets Affected By James Decision

AS WAR-TIME MEASURE

Harrisburg, Aug. 26.—(AP)—More than 23,000 state employees looked forward today to pay increases which will put an extra \$1,604,000 in their pockets between Sept. 1 and next May 31 when the current fiscal biennium ends.

Governor James announced the boosts yesterday for workers in the three lower-paid brackets as a wartime measure "to help the state employees who have suffered most severely from the rising costs of living."

Now vacationing at Plymouth, the governor said new minimums established for 23,121 employees in the three groups "are sufficiently attractive as to permit the commonwealth to compete against other fields of employment."

His statement added: "Some of these fields are artificially high at present but the administration has been faced with an embarrassing increase in the rate of turnover of employees and must meet conditions as compared today as they exist."

These state employees will benefit:

- 1—Hourly employees of the highways department, now paid 50 or 55 cents an hour, who will be boosted five cents an hour.
- 2—All the lower paid regular (Turn to Page Nine)

Election On Coast Heated

By the Associated Press

Two primary opponents who waged a heated battle for California's gubernatorial nomination were assured today of a return match in the fall elections.

The Republican nomination went overwhelmingly to Earl Warren, a leading state Republican, who also gave Governor Culbert L. Olson a dogged race for the Democratic nomination in yesterday's primary.

Running on both tickets, Warren polled an aggregate of nearly twice as many ballots as Olson who sought only the Democratic nomination.

NEW SECRET WEAPONS IN PRODUCTION

British and Americans Producing Armaments That Will Be "Real Eye-Openers" for Axis

TYPE IS NOT REVEALED

London, Aug. 26.—(AP)—The head of the United States army ordnance division said today the British and Americans both are producing a secret weapon which would prove "a great surprise" to the Germans.

The ordnance chief is Brig. Gen. G. M. Barnes.

Speaking after a tour of British munitions factories, he declared that United States and British armament production was sufficient both in quality and quantity for "the support of a full-sized army in any enterprise."

General Barnes said some of the new British weapons now in production were "real eye-openers."

The general, 56, is chief of the U. S. war department design section and an expert on the design and manufacture of heavy ordnance, particularly anti-aircraft guns. He arrived in London recently at the head of a technical mission to work with the British in correlating Allied fighting material.

He pointed out that the nature of his work, concerned chiefly with developing advanced types of munitions, must be secret, but declared neither the British nor Americans had to concede "any superiority to the Germans in qualitative weapons."

War Production Will Proceed Over Holiday

By the Associated Press

While Pennsylvania's anthracite mines will be idle on Labor Day, workers in many other Keystone state industries plan to pass up the traditional holiday to continue vital war production, it was indicated today.

Regarding the holiday for hard-coal miners, a United Mine Workers spokesman in Washington suggested that if maintenance of production is considered important enough, the layoff on Monday, Sept. 7, can be made up by working on the following Saturday. The anthracite industry at present has a maximum five-day week.

U. M. W. local officers said mines of the Hazleton and Scranton districts would be shut down Labor Day unless a special miner-operation agreement is negotiated.

However, numerous Pennsylvania industries directly engaged in war production planned to keep their wheels turning throughout the day in line with a request by War Production Chief Donald M. Nelson.

Gangland Guns Bark During Gotham Eclipse and Dimout

New York, Aug. 26.—(AP)—Gangland guns found two unwitting allies last night when under the double cover of a city-wide blackout and a lunar eclipse they spouted flames of death from a speeding automobile that escaped in the confusion of darkness and wailing police sirens.

Four bullets fired from the car felled Salvatore Maggio, 36-year-old suit presser, as he stood near his parked automobile on a Brooklyn street at 9:23 p. m. (EWT)—just two minutes before an army-ordered air raid alert set sirens a-wailing.

Police prowlers already were shrilling the warning for the surprise raid alert test when they received the alarm for the murder car, while at 9:01 p. m. the earth's shadow had begun blotting out the moon, almost as if in conspiracy with the slayers.

With pedestrians running for shelter, and both man-made and heavenly light blinking out rapidly, police missed the killers' sedan, which was further indistinguishable because it was black.

The eclipse lasted from 9:01 o'clock when the moon entered the penumbra or partial shadow of the earth until 2:34 a. m., when it emerged, having been in total eclipse from 11:01 until 12:35 o'clock.

Outdoor Band Concert Here Friday Night

Harry A. Summers has called an important rehearsal for this evening at Beatty school when his new "balanced band," made up of musicians chosen from the community's massed bands, will hold its final practice session.

This new group will be presented in concert on the Beatty lawn at seven o'clock Friday night of this week, the last outdoor concert of what has proved a very successful season.

Patrons are reminded, also, that the community symphony will be presented by Mr. Summers at four o'clock Sunday afternoon at Beatty school, with group singing of familiar hymns as an additional feature.

Carves Victory Special

Presiding at a carving at the Fredrickson Master Market, Burgess R. W. Steber joined with federal and state officials in proclaiming August 22-29 as Cheese Week for All America. He called for increased use of cheese as a "concentrated, nutritious and abundant food, important to our national nutrition program." Left to right are L. E. Fredrickson, store proprietor; R. G. Parks, representative of the Kraft Cheese Company, and Burgess Steber.

Crowds Will Not Disperse In Air Raids

In case of sudden air raids or blackouts, audiences attending baseball games or other outdoor assemblies will be expected to stay calm and remain where they are.

This policy, adopted by the U. S. Office of Civilian Defense, and transmitted by the State Council of Defense to all local Councils in Pennsylvania, takes into consideration that large outdoor assemblies probably would be prohibited by the Army in case the military situation made imminent raids probable.

The policy applies just to outdoor groups and not to theater and assembly hall audiences, which are covered in separate instructions.

If possible, the outdoor game or event should be continued during an air raid, unless it is at night, when of course the lights would be turned out. If the event cannot continue, group singing is recommended as a means of keeping the group calm and occupied.

Ushers should be trained in advance to act as wardens, and police and physicians should be on hand, the OCD policy set forth. Every effort should be made to prevent confusion and to avoid dispersal of the audience, for these would increase, rather than reduce, the danger to all persons present.

The weekly penny supper at Stoneham will be held between five and seven o'clock tomorrow evening. Funds obtained will go into repairs being made by the community association on the community house there.

FIRE SWEETS STORE

Fire swept a clothing store at Girard owned by Phil Outshall last night, causing a loss which Fire Chief Francis Unsel estimated at \$7,000. Douglas Bostwick, volunteer fireman, was burned on his hands by hot tar. Unsel said sparks from a furnace in the basement caused the blaze.

SHRINE CLUB PICNIC

The Warren County Shrine Club is holding its annual stag members' picnic this evening at "Burnside," summer home of E. T. Beck on the Irvine-Tidoute road. This promises to be the highlight of the club's annual program and from the number of reservations, it will be the biggest event of its kind ever held by the local organization.

AT CONFERENCE

Rev. William G. Woodward, pastor of the Church of the United Brethren in Christ, left Tuesday afternoon for the annual meeting of the Erie Conference of the denomination, being held at Findley Lake, N. Y. Leonard E. Nason, church delegate, will join him today. Through the absence of the pastor and desire of many to attend Sunday meetings at camp, there will be no service of divine worship at the local church next Sunday. Sunday school will convene at the usual hour of ten o'clock.

HUNTING LICENSES

The new hunting licenses for the approaching season arrived today at the county treasurer's office at the court house and were immediately placed on sale. The plates are made of fiber instead of tin this year, and are cream colored with black lettering. Applicants for permits must show sufficient identification before a license may be purchased. It was stated by County Treasurer Allen Gibson today. The change from tin to fiber is expected to save approximately 10 tons of metal for the government and about \$12,000 for the hunters, it was added.

Relief Fund Benefits By Bridge Meet

The Marconi Club sponsored another very successful duplicate tournament at the Marconi Outing Club Monday evening, with all proceeds going to the Army and Navy Relief Fund.

Entry fees for the twelve tables in play for the evening brought in the sum of \$24, first donation of local bridge enthusiasts to this worthwhile project. Several other benefits will be arranged later, it is understood.

High pairs in North-South position were Mrs. Albert Rockwell and Mrs. Joan Blair Hove; second, M. A. Kornreich and H. R. McClure; third, Miss Barbara Dennison and Henry Hunzinger.

East-West pairs were topped by Dr. R. H. Israel and Dr. Gail K. Ridselberger, with Mrs. J. A. Bevevino and George Kline in second place; Mrs. Carolyn Timmis and Sylvester Mullen, Jr., coming in third.

D. A. Sealise, tourney director, announces that the usual mid-week special game will be held at the Marconi rooms in town at eight o'clock this evening.

Youngsville Student High In The State

Youngsville, Aug. 25—Some time ago Charles Walter Johnson, son of Mr. and Mrs. Emil H. Johnson, East Main street, who was graduated from Youngsville High School with this year's class, received word from the state that he was winner for Warren county in the state scholarship competitive examinations which he took on May first. Recently he received a letter from the state examining board congratulating him on his high standard as they had found that

his marks were the highest in this examination of all those who competed in Pennsylvania. This scholarship gives the winner tuition at any accredited college in the state. He has chosen to go to Allegheny at Meadville, and will soon be entering that college.

OFF TO CONFERENCE
Three ministers and the lay delegates of our community will soon be off to the general conference. Rev. and Mrs. C. M. McIntyre go this week to the Erie conference of the United Brethren church, which will be held in the buildings owned by this conference at Findley Lake. It starts with a meeting on Wednesday evening in which Rev. McIntyre has a part. It will close on Sunday evening, Aug. 30th. Mrs. Albert Lungren is the delegate and Mrs. Edward Nelson alternate.

The Free Methodist Oil City conference is to be held this year on the camp meeting grounds at Pleasantville from Sept. 2 to 7th. Besides the local pastor, Rev. Samuel Stimer, Frank Hendrickson has been elected by the church as lay delegate with Mrs. Viola Thayer as reserve.

War Chest In County Hits \$9500 Mark

The committee in charge of the Warren County War Chest has announced the completion of the drive, in which a total of \$9,505.73 was realized, after all expenses had been taken care of.
Checks have been mailed to the United Service Organizations for \$7,318.72; to the Navy Relief Society for \$1,426.31; and to the United China Relief for \$760.70.
Additional funds for the United Service Organizations have been received from Myron Jewell and Joe Gardner, two local baseball fans, through whose efforts the

benefit baseball game for the U. S. O. was staged on Russell Field last Thursday. The total from this source was \$271.10.
The committee in charge of the Warren County War Chest drive, as well as those who promoted the baseball game last Thursday, sincerely appreciate the cooperation of the public in supporting the United Service Organizations, the Navy Relief Society, and the United China Relief, and wish to express their thanks to those who made contributions.

DRY CLEANERS TO BE DENIED RAW MATERIALS

Washington, Aug. 26—(P)—Operators of commercial laundry and dry cleaning plants will find it impossible to obtain raw materials for the production of new equipment for the duration of the war, the War Production Board said today.
In a statement to the industry, the WPB said it was necessary to allocate existing machinery to essential users because of increased demands from the armed services and from war plants.

TOMATOES, A VICTORY SPECIAL

Fresh tomatoes have come into their own as they roll into market in great abundance in all local areas. Hence, they have been designated as a Victory Food Special for the period August 24 through September 5 in this area. During this period, all food merchants in western Pennsylvania are promoting the sale of fresh tomatoes.

Attention is called to the fact that foods designated as Victory Specials, and carrying the market-basket V symbol of the Department of Agriculture, are part of the food conservation program now gaining momentum throughout the nation, to inform civilian consumers of the need for buying abundant foods and economizing on scarce items as another aid to the nation's war effort. As American farm products come into market at peak seasons, the AMA designates them as Victory Food Specials, and calls upon all patriotic shoppers to cooperate by using them as frequently as possible. This assures maximum consumption of highly perishable foodstuffs, and assures that they do not go to waste. It also releases the more easily packaged items for shipment to our soldiers and to our allies. Further, families who consume fresh tomatoes are in effect releasing a proportionate amount of the already canned tomato pack for vital war uses. Persons wishing to assure themselves of a continued supply of tomatoes are strongly urged to can their own.

From a nutritional point of view, the tomato ranks high in value. They are said to be one of the most versatile of all vegetables (or fruits, if you prefer.) Here's a Victory Food Special that makes it easy for the housewife to cooperate with the nation's food needs.

BATTLE FOR THE SOLOMONS

In the far southwestern Pacific among the Solomon Islands American and Japanese forces are locked in a great sea and air conflict which may go far towards determining the outcome of the war.

We haven't yet enough facts about the engagement to say that it will have decisive effects, for it is not known the size of the forces engaged, and that is essential to any calculations. However, from the meager information at hand it would appear that the Nipponese are gambling with a large section of their grand fleet. It also would seem that the Allies have inflicted considerable losses on the enemy, but there's no word of what our own losses—if any—have been.

War analysts believe that if the Japs are raising a great naval fleet, beside air power, then there may be in the conflict all the elements for a decision which may be sure to guide the outcome of the war with Japan. We appear to have the advantage of being able to meet the Japanese warships with land-based bombers, and that in itself might spell disaster for the Mikado's forces.

Experts believe that if we can inflict on the Japanese now a further heavy naval loss, without ourselves suffering severely, then we probably shall have settled the supremacy of the Pacific in our favor. And that won't be one but a whole handful of nails in the Jap coffin.

WAR CASUALTY IN ROYAL FAMILY

The death of the Duke of Kent, youngest brother of King George, "in line of duty," when a flying boat crashed in Scotland yesterday enroute to Iceland, demonstrates that Britain, from her highest family to her most humble, is in the war to the finish.

The 39-year-old youngest son of Queen Mary and the late King George V was the most air-minded of all the royal family.

His career in Britain's service began as a naval cadet, at his father's choice, before he was 14. But his interest turned to aviation and he served devotedly with the RAF.

The marriage of the Duke of Kent to beautiful Princess Marina of Greece in 1934 was one of the most resplendent royal occasions of the century. They had three children.

There are 2,000,000 Americans now working for Uncle Sam—not counting the millions of taxpayers.

If you really want something that's easy to find, start looking for trouble.

Notice how yellow the Conewango turned yesterday?

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—In recent years there were approximately 2,500 state and county fairs held in the country every summer and autumn.

Now the war is giving them an awful beating—but not for the reasons you think. Joseph Eastman, coordinator of war transportation, made an appeal a few months ago to cancel all fairs and expositions. The idea was to save gasoline, bus and train transportation. The protest against Mr. Eastman's suggestion was so vigorous that he felt it necessary to modify his appeal—to place it at least upon a basis of local conditions.

What has happened as a result is best typified at Chicago, where the National Livestock Show has been called off. Always held with it was the National 4-H club Congress, which has drawn from a thousand to 1,400 delegates. The last report to Washington was that a "modified" 4-H club congress would be held. Youthful who had to take prize stock to market anyway would be allowed to participate. The coastal areas, far distant from Chicago, would be ruled out. This was considered a sensible wartime consideration of a transportation problem. It has been applied in many areas.

BUT in many other sections, the reported reason for cancellation of fairs and expositions has nothing whatever to do with transportation. It is based on the simple fact that the armed forces have taken over the fair and exposition grounds for quarters, training fields, and warehouses.

One of the biggest eastern fairs

is the Eastern States Exposition at Springfield, Mass. Five states participate and have buildings there. The Army has taken over.

The Raleigh State Fair in North Carolina has been cancelled at Army request. Some western coast fairs and expositions have been cancelled on Army orders.

The Florida State Fair at Tampa; St. Augustine's "A Day in Old Spain"; the Edison Day Celebration at Fort Myers; and the Festival of the States Sun Celebration at St. Petersburg, all have been ruled out. The Tobacco Belt Fair at Tifton, Ga.; the National Cotton Festival at Greenville, S. C.; four of Tennessee's biggest annual celebrations; the Kentucky State Fair; and a couple of big Virginia expositions, all have been written off for this year or the duration.

ON the other hand, Maine, Michigan, Minnesota, Wisconsin, Kansas (except for a couple), and almost all the big Canadian fairs, to mention only a few, have been given the green light.

In many cases, it is considered that the benefits of stimulating production, circulating war economy, and boosting morale through entertainment and breaks in the working routine, far offset the transportation disadvantages.

In spite of cancellations of major expositions, fairs and even some county meetings, government agriculture and war officials here believe the fair business will be better than it was in depression years. Indications are that in those sections where fairs can be held with sanction of the War Department and without damage to defense transportation, the turnstiles will click faster than ever.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—Believing in the scriptural axiom that "Ask and ye shall receive," Jean Darling, a comely refugee from the Our Gang comedies, sat down one day last week and composed a Broadway's Lee Shubert, producer.

"Dear Mr. Shubert," she wrote, "I want to work for you and I'm sure you will agree with me that I can be of service to you if you will only let me sing for you."

MR. SHUBERT, who never tires in his quest for talent, wrote back that he would indeed listen to her if she cared to come in. Next day the lass showed up and introduced herself. "You want to sing now?" he asked. "No, sir, tomorrow," replied Jean Darling. So she went away and came back the next day and sang "Lover, Come Back to Me," and Lee Shubert said, "Go away and come back tomorrow and bring your mother with you."

When Jean and her mother arrived Shubert offered her a long term contract, something he seldom does, and she signed. Now she has been cast in "Count Me In," a musical comedy with Charles Butterworth, Hal LeRoy, Mary Healy, Luella Gear, June Preisser, Melissa Mason, and a number of other musical comedy names. "I think I can make a star of her," Shubert explained. "It's hard to see how he would have signed her to a long term contract if he didn't think so."

She is honey-haired, with gray-green eyes and is five feet three. She weighs 117. "I've never been in a musical comedy before," she told me, "although for five

years I was leading lady in the Our Gang comedies." Jean entered the movies when she was approaching her third birthday. Her mother is her mentor. Singing is her big dream, and two years ago she was headed for Europe and voice culture when the war stopped her at pier 36.

THESE last two years have been spent under the tutelage of Caesar Sturani, who is a marvelous voice teacher, Jean says, but who has a cocker spaniel that howls when she sings. She doesn't know whether the pup is by way of being a critic or not.

What is "Count Me In"? It's the average American family's reaction to the war.

It was written by a dramatic teacher and an ex-student at Catholic University in Washington. It became so sensational there that they decided to bring it to Broadway. That is how the Shuberts got hold of it, and after its Boston rehearsals it will open on Broadway, probably on Sept. 21st.

Under questioning Miss Darling denied that she was married, engaged, or even in love, so I asked her what in the world she did to fill in her spare time.

"I roller skate," she said. "I do the circle waltz, the barnyard tango, the flirtation waltz. I skate all over. I like to go to new rinks constantly. I don't like to 'peep' going to the same old rinks. It's fun trying the new ones out."

"And what next, Miss Darling after 'Count Me In' after Broadway, I mean, Hollywood?"

The lady smiled. "This is my moment," she said, "here I was born in Hollywood."

YEARS AGO IN WARREN

Interesting Items Taken From the Warren Evening Times

In 1922

John A. McSparran, Democratic candidate for governor of Pennsylvania, will be in Warren the evening of Monday, September fourth—Labor Day—and will deliver an address. The meeting will be held either in the court house or the Strand theatre.

About 11 o'clock last night a touring party caught the three silent policemen standing at Pennsylvania and Second avenues in front of the Warren Savings Bank and carried them to the bridge structure, where they were left in a disheveled condition.

Henry Schenck and son, the Erie contractors who will have charge of the work at the Warren National Bank, which will involve the utilizing of the room occupied by J. A. Johnson, the clothier, as a part of the banking quarters, have material on the ground to proceed with the work in a few days.

Mr. and Mrs. John Haumesser and family, of Pennsylvania avenue, have returned from a motor trip to Port Allegany and Coudersport.

Lorell Hoskins, of the Syracuse Post Standard, is the guest of Dr. and Mrs. Samuel King, 18 Crescent Park.

In 1932

One hundred fifty Warren county farmers and their families attended the annual auto tour of the Warren County Agricultural Extension Association, held Tuesday.

A most enjoyable picnic was held by the Warren Knights of Columbus at the cottage of Harry Wilson on the Conewango last evening. Swimming, quiet pitching and other diversions were enjoyed.

In a mushball game played on the South Side diamond last evening, the Corry Kiwanians massacred the Warren Kiwanians by a score of 28 to 6. Winans was on the mound for the local men.

Miss Marie Ackes and Clarence Ackes, of Cleveland, are spending their summer vacation with their parents, Mr. and Mrs. Henry Ackes, 8 Dartmouth street.

Mr. and Mrs. O. C. Paden and daughter, Lella Mae, have motored to Middlebury, Vt., where they were joined by Mrs. Paden's sister, Miss Laura Greenlee, who was attending the French summer school there. From Middlebury the party motored to the Ausable Chasm, Montreal and Niagara Falls.

County Gets State Liquor Tax Refunds

Payment of \$2,397,841 to 890 cities, borough and townships throughout the commonwealth in a regular semi-annual refund of monies paid for liquor licenses issued during the six months ended July 31 of this year has been approved by Auditor General F. Clair Ross, according to information from Harrisburg.

Of the total amount, Warren county municipalities receive \$12,075.

Under the law, these monies are refunded in their entirety to the municipality in which the licensee's business is located, for use in its general fund.

Warren county payments are as follows:
Boroughs — Clarendon, \$150; Sugar Grove, \$100; Tidioute, \$600; Warren, \$6,825; Youngsville, \$700.

WARREN, PA.

Off School Faculty Has w Addition

Berthinda Cusins, who has arrived in Warren to join the staff of the Hoff Business College, has enjoyed an unusually wide experience both in the educational field and the world of business. Public school teacher, private secretary, accountant, business instructor, public accountant—some of the posts Miss Cusins has filled with marked success.

Miss Berthinda Cusins

Following this work for some time, she then became an instructor at the DuBois Business College, DuBois, Pa., and principal of the commercial department. She then spent about a year in Florida as chief accountant for a business house in state. About a year ago Miss Cusins returned north, entered the field of public accounting, during the spring and summer acting as accountant and auditor for several different companies, two in Pennsylvania and one in Maryland. During her time between them, she announced the engagement of Miss Cusins as a member of the Hoff faculty, both Rosetta Cusins, manager of the local hotel and I. J. Hoff, proprietor principal, expressed gratification in having been able to secure services, pointing out the unusual advantages enjoyed by students who are thus fortunate in having an instructor who is not only thoroughly familiar with the business of study, but who has pursued successful careers both in business and in top positions in the business field.

Census figures show there are 321 occupants of mental institutions in the United States.

Son Receives Much Publicity For His Activity With Army

A clipping taken from a recent issue of a magazine will be of interest here, since the soldier to whom it refers is the son of Mr. and Mrs. E. A. Babcock, 309 Park street, this city. The young man is now located at Boise, Idaho. The clipping follows:

"Several newspapers throughout the country recently carried the following AP story:

"The medical corps is a good outfit," said Private Kenneth H. Babcock to his commanding officer. "But I just don't feel right if I'm not tinkering with radio. I used to be a ham radio operator back in Bladell, N. Y."

"Five hours later he had been transferred to the Signal Corps and was on field maneuvers with a portable outfit."

"That night his new top sergeant called Babcock's new commanding officer."

"Private Babcock won't go to sleep," he complained. "He wants to operate all night."

"(He probably hadn't heard that Field Day was called off this year!)"

PEACHES

Indicated production of the Pennsylvania peach crop is about equal to that of last year, according to the Federal-State Reporting Service survey issued by Secretary John H. Light of the Department of Agriculture. The production is placed at 1,822,000 bushels compared with 1,845,000 bushels last year, which is greatly in excess of the previous 10-year average production of 1,656,000 bushels.

ASK RENT BOOST

A resolution has been adopted by the Erie city council, urging the Office of Price Administration to hold a hearing on the Erie rent situation. Council declared rents as fixed are in many cases inadequate. Council members said rent increases were justified in many cases and declared the OPA should conduct the hearing so a proper standard could be set.

OPPOSES SCRAPPING

James Purcell, of Erie, has told city council there that he will carry to President Roosevelt the fight against scrapping the historic U. S. Walverine. A leader in the move to preserve the vessel, Purcell made the announcement before a council session which adopted a resolution asking the government to delay the vessel's scrapping for at least six months.

TOMATOES

What promises to be the heaviest tomato canning season in the history of that industry in this state is now under way in the heavier producing areas. On the basis of increased acreage alone planted to this crop which is estimated this year at 27,000 acres compared with 20,600 acres last year and 19,000 acres in 1940, production records are expected. The season is said to have been favorable for growth in most sections, although rainfall has been excessive and yield will be largely determined by weather conditions during the ripening period when dry weather and sunshine are essential.

PLANE OVER ERIE

A yellow plane which did some fancy tricks and "dive-bombed" over three wards and through the lower part of Erie's downtown business district last evening gave that city its first war scare. Police Lieut. Roy B. Mong, who said he had "a very good suspicion that this was a Canadian trainer plane," reported CAA authorities were investigating the incident. The plane appeared last night just after the annual convention parade of the State Elks Association had ended, and thousands in the streets watched the craft dart over the city for about eight minutes, narrowly missing a tower atop a six-story department store.

Chairmen for Sugar Grove Fair Listed

Sugar Grove, Aug. 26—Officers of the Sugar Grove Fair, which will hold its 13th annual exhibit on September 10, 11 and 12, have announced the chairmen for the various committees. They are as follows:

Agriculture, T. R. Sponser; home economics, Kathryn Keslar; cattle, Carl Norbeck; horses, Stanley Lawrence; poultry, James Lacey; field crops, J. Albert Johnson; flowers, Mrs. J. A. McIntosh; canning, Mrs. Ralph Abbott; baked goods, Mrs. Jesse Thompson; amateur work, Mrs. Cummings; arts and crafts, Phyllis Mickelson; baby clinic, Mrs. Stuart Anderson; pet parade, Mrs. John Stuart; milk contest, Jesse Thompson; amateur contest, Allan Frank; horse pulling contest, Stanley Lawrence; horse show, H. A. Logan; firemen's dance, Scott Stuart, Jr.

A new feature of the fair this year will be demonstrations to be held in the home economics house for the purpose of giving instructions to homemakers and answering questions. The demonstrations will be under the direction of competent homemakers. Special phases of needlework, sewing and foods will be topics of discussion.

Another interesting feature will be the space given over to articles made from salvage materials. Such articles will be judged on their artistic and utility qualities.

Farewell For Teachers of Lander High

Lander, Aug. 26.—A well attended farewell function was held in the community house Friday evening to honor Mr. and Mrs. Herman Reed and Mr. and Mrs. Fred Putnam. Mr. Reed, school principal here for 11 years, is leaving for new duties at Cochran and Mr. Putnam, who came as assistant ten years ago, will go to Reynoldsville.

They were presented with occasional chairs as farewell gifts from the group, together with best wishes for continued success in their new fields of work.

A program included group singing led by Mrs. Helen Mahan; an appreciation from the school by Evan Wilcox; appropriate talk by Rev. William Fuller, Methodist minister; remarks in behalf of Grange by Warren Wilcox; appreciation of P. T. A. by Mrs. Doris Stanton. Special music included piano duets by Mrs. Edith Marquis and daughter, Lillian, and two selections by the junior choir of the church.

Refreshments were served at the close of the program.

Plan Meeting For Study Of Law Problems

The Pennsylvania Local Government Commission, a legislative body studying problems of the counties and municipalities for report to the General Assembly of 1943, will hold a public hearing on certain proposals in the large Court Room of the Erie county court house at Erie, at 1 o'clock, Tuesday, September 1. The commission has held sittings in Allentown, Greensburg and Scranton and submitted outlines of a suggested code to govern tax claims and municipal liens; a "home rule" proposal for local governments to fix salaries of officers and employees; a constitutional amendment to change methods of establishing new election districts and a number of other ideas to cut costs of government.

County, city, borough and other officials in a dozen counties in northwestern Pennsylvania have been invited to submit their views at the Erie hearing and Chairman, Charles R. Mallory, has asked that representatives of Taxpayers' Association and others interested in municipal problems participate in the discussions.

John H. Fertig, former director of the State Legislative Reference Bureau, now counsel of the commission, will submit the high points of the proposed tax and lien code.

Delegates to the convention of the State Association of County Commissioners, which will be in session at Erie at the time, have been invited to the hearing.

The commission will hold hearings in other parts of the state later in the year and introduce its bills in the session of the legislature commencing in January.

SUMMON FIFTEEN

Fifteen Kane residents have been summoned to appear before the Kane Defense Council for review of their blackout violations in the past week. The hearings will be held Thursday evening, with the defense council reviewing each case privately. Hinging on recommendation of the council is action to be taken by the police department.

RELEASE WHISKEY CARGO

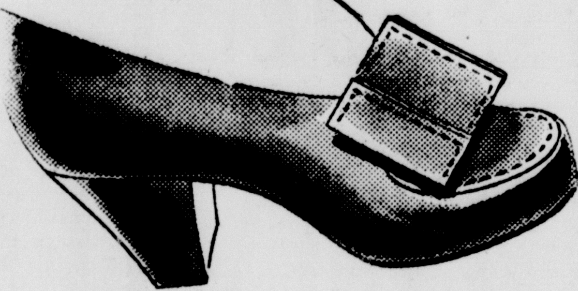

The Legal department of the State Liquor Control Board at Harrisburg yesterday authorized release of a \$20,000 cargo of whiskey which was seized in Kane four days ago by state agents pending investigation of possible hijacking and other angles, developed from arrest of a truck-trailer operator, Clyde Hilver, of Marienville, on a series of minor charges. It was explained that investigation showed the Hiram Walker Distillery at Peoria, Ill., had made the shipment of whiskey to a destination in Rhode Island and thus bore a stamp of that state.

Cardinals Beat Dodgers Again, Shave Lead to 5 1/2 Games

Redbirds In 2-1 Win In 14-Inning Fracas; Browns In 3rd Place

By JUDSON BAILEY
Associated Press Sports Writer
The cup of cheer for St. Louis baseball fans is brimming over today with the Cardinals chopping away viciously at the Brooklyn Dodgers and the Browns installed in third place in the American League.

For 12 innings the struggle in St. Louis was a scoreless standoff between those master batters, Whit Wyatt of the Dodgers and Earl Cress of the Cards. Then, in the 13th inning, the Cardinals started happening fast. Manager Leo Durocher and Coach Chuck Dresser were animated from the field during an argument with the umpires. In the 14th inning the Cardinals broke the spell with a run and the Redbirds retaliated by tying it up.

Larry French, the veteran southpaw who has been beaten by every club except St. Louis, smothered the rally in the 14th and the Cardinals won 2-1. The Cardinals' victory was a close play at home plate three outs and a half after the game began.

It was the second straight success for the Cardinals in their outpouring bid to overhaul Brooklyn and reduce the margin between the clubs to 5 1/2 games, but it was rivaled by the big stride of

BUS TRAVEL OUT, SCHOOL HOPES DROP

Harrisburg, Aug. 26 — (A) — Hopes of high school officials to transport athletic teams in their own buses were dimmed today by a statement of state officials that such action would make vehicles ineligible for fire rationing.

U. S. Representative Francis E. Walter, Pennsylvania democrat, has suggested schools owning their own buses could carry football players to and from out-of-town games this fall. He said he had been informed in Washington by Joseph B. Eastman, defense transportation coordinator, that the practice was approved, subject to state officials' approval of obtaining new equipment or replacement.

Irving R. Segal, chief state rationing attorney, said however, that use of a school bus for carrying either player or spectators "will render that bus and all other buses owned by the same party ineligible for any form of fire rationing."

After a study of transportation difficulties related to athletics, the Pennsylvania Interscholastic Athletic Association, recently urged use of public transportation systems and private automobiles to carry out previously arranged games.

"It seems to be the belief of the fire rationing officials that while the interscholastic athletic program is highly important, there are other interests which are more important," Secretary Edmund Wicht told some 1,000 PIAA members.

From Raymond W. Rosinson, chief of the state education department's transportation division, came the statement that "inasmuch as common carriers are not permitted to provide transportation of athletes we think school buses should be restricted accordingly."

Thursday Is Deadline For 'Cap' Matches

First round matches in the handicap match play tournament, now under way at the Conewango Valley Country Club, will be completed no later than tomorrow night, it was announced this morning by T. K. Creal, golf chairman.

All first round matches which have not been played will be decided by the flip of a coin, with the winner advancing into the second round and the loser being paired in the consolation.

At the regular Thursday night dinner, many prizes will be awarded to winners of recent tournaments and the prizes for the current competition will be on display.

On Saturday afternoon Conewango Valley golfers will trek to Wanango Country Club where they will meet the hot Franklin-Oil City team which already has scored decisions over Titusville, twice conqueror of the local linksmen.

All Conewango Valley golfers are invited to make the trek and those who have not yet signed up to play at Wanango are requested to contact Neil MacDonald or Bill Rice no later than Thursday evening.

Parker Out to Win National Net Event

New York, Aug. 26 — (A) — Frankie Parker's forehead—as bruising as a co-ed's powder puff in the past—has undergone another revision and gets its 1942 unveiling at the National Tennis Tourney starting at the West Side Club in Forest Hills on Thursday.

Every year something new is added to the Parker shot that couldn't be heard a racket's length away.

This season, however, with many of the top-flight stars either in the service or playing for cash, Coach Mercer Beasley figures that Parker has the chance to end a decade of frustration and win the title "at least he is better than the 7 to 1 odds they are quoting."

S-W WINNER OF 2ND HALF LOOP CROWN

Fighting an uphill battle all the way from the start of the second half, the Struthers-Wells softball team found a ray of glory last evening as they captured the second half title in the City Softball League with a 16-11 victory, their second in as many days, over the first-half titlists, Recreation Center.

Both teams went on a hitting spree, and it might have been a close encounter right down to the last out, except for the second canto when the winners scored eight times on four hits and considerable help from the enemy.

Three runs in the first, eight in the second, three in the third, and one in each of the fourth and sixth, compiled the winner's total, and five runs in the second added to a six-run rally in the sixth gave the Center their final count.

The two teams open the championship series next Monday evening on the west side diamond.

Carbon Copy Of Last Year's Husky Dragon Squad Is Being Made

J. B. Leidig and his staff of assistant coaches went to work without delay yesterday afternoon as the high school football drills began on Beatty Field, and if you see any lame-bodied youths limping around the borough today, they're still suffering from aches and pains which come each year with the initial drill.

Today the boys are at it again, getting rid of some of their lameness, but as impressive as this may be, equally impressive is the fact that the Leidigmen will pack fully as much weight this autumn as they did last year, and the problem of producing a commendable line, on which depends the success for the Dragons, may not be so acute after all.

Yesterday afternoon's session started with calisthenics and tackling practice, and ended up with a short scrimmage between members of a group singled out as the tentative varsity squad.

The more experienced youngsters, including Albert Salerno and Mike Blech, both letterman backs and stellar performers expected to carry with them a large part of the Blue and White responsibilities this season, were pitted against the remainder of the varsity squad in the scrimmage, and ran through the "scrubs" with the ease of a knife going through hot butter.

Naturally there was an abundance of ragged play, but in a week of practice the faults of these challenging youths will be reduced enormously, and the Dragons are expected to be in good condition, and playing well as a team by the time they engage the Youngsville High Eagles there a week from Saturday.

Embarking on the 50th season in the history of football at Warren High School, the new squad has the talent present to show a satisfying record by the time the campaign ends late in October, if they develop as they are expected to.

No varsity berth has been clinched by any single player, and the competition to gain a place in the starting lineup has already shown signs of being the keenest in several seasons.

The Leidigmen will practice every afternoon this week on Beatty Field, with the exception of Saturday, when the drill will be held in the morning. Next week's rehearsals will include a few on Russell Field, it is expected.

Alley Plans Progress As PBC Opens

The throttle will be open wide tonight as the bowling season really begins moving along with the opening of the Penn Bowling Center, third establishment to beckon bowlers to come and post their scores in pre-season warm-up games.

And within 24 hours after tonight's feature along Bowling Boulevard comes the organization meeting of the first of a swarm of leagues to be formed for the forecast as the greatest this town has ever seen.

The fastest keggers in the village will gather tomorrow night at 7:30 o'clock in the Times-Mirror editorial rooms when a circuit is expected to be lined up to replace action lost when it was necessary to dismantle the Inter-City and Junior Inter-City Leagues due to fire rationing.

The circuit will be a city-wide league, but will take in the best bowlers and is expected to provide the classic bowling in town for the entertainment of a growing throng of alley fans.

Representatives of local alley shops, last year's city league managers, and others affiliated with the proposal for the new league, will meet at the session.

BY FLOYD PASSINGER, Sports Editor

Strikes and spares... Baseball now in the record books in this burch, it's time to line up the bowling and football campaigns for sports fans... The Penn Bowling Center becomes the third alley shop to open its doors for the new season tonight, when at seven o'clock the alleys will be unveiled again, and a large crowd of keggers is expected through the evening... Already under way are the Arcade Recreation and Moose Club... The Arcade reports a rapid public trade in the approaching season... Tomorrow night at 7:30 the town's faster bowlers will be represented at a meeting in the Times-Mirror editorial rooms for the purpose of organizing a new type of league, to replace the inter-city loop which has been given up for the duration due to fire rationing... The ladies tell us they're set to produce a much better and bigger ladies' circuit this winter... They will organize in a week or so... Struthers-Wells and National Forge workers will again have their own loops, if all goes as planned, and the Commercial, Industrial and City Leagues are expected to again be in the running... Thad Lawson would like to promote a high school league for younger bowlers on his slides, but he'll need the cooperation of students interested enough to get interest aroused... The Elks are expected to field less teams this year with more bowlers on each team, a style used annually by the Conewango, and the reason will be so that any Elks who leave for the army in the middle of the season will not upset team plans, for a full lineup will still be at hand...

Quickies... The Blue and Gray Association, promoter of the annual North-South All-Star football game, has proposed to President Roosevelt that high and prep schools throughout the country stage post-season games Dec. 5 for a national charity, or "to build the world's largest flying ship"... The association figured that such a program would "raise \$1,000,000" based on an estimate that 500 games involving larger schools would raise \$1,000 each and that 5,000 smaller games would average \$100 or more apiece... We've had so many inquiries as to whether or not there'll be Sunday football, that we must answer, if only in part... The Jackets will ride again, if opponents can be obtained nearby and if a little red tape can be cut off... A backer to underwrite the ball games until a financial reserve is available, has been obtained, and a list of around 10 to 14 gridders can be counted on around which to build a squad... The final decision is expected within the next two weeks, but until then, please wait patiently... Those in charge are doing everything possible to retain the favorite weekend sport if they can... If Youngsville were given Warren a scare or two on the Leidigmen will be able to lay down on the Dragon card where they... Ten gruelers follow, with Erie Academy, Girard, Kane, Titusville, Oil City, Jamestown, Franklin, Bradford and Ridgway, in that order... After a lapse of one year, the Dragons again have permission to play night football, by the by, and engage Oil City and Bradford under the arcs at those respective places...

WILDERNESS GIRL

Chapter Nine
Playing Safe

HELEN turned, with a start, when Sandy came up to her. There were faint blue smudges under her eyes.

"So you're getting breakfast," he said cheerily. "How did you sleep?"

"Terrible," she confessed. "I kept hearing things, imagining things. I don't know what. Then those birds..."

"You can nap in the canoe today, if you like," Sandy said briskly. "Gil up?"

"He found a path leading toward the village and said he was going to do some scouting. He left almost an hour ago."

"I'll get a couple of those mangoes," Sandy said.

Since he thought it inadvisable to build a fire they had fasted once more on cold victuals from the hotel kitchen at Onha. Helen chattered with more vivacity than she had ever displayed in Sandy's acquaintance with her. She appeared to be almost happy, he reflected. It did not occur to him that their little boat a little in the intricacy of the bush had anything to do with her good spirits. For his own thoughts scarcely touched her at all. His mind was fixed upon the day ahead, its hazards and possibilities. The little figure of Tyra Fleming appropriated a good share of his meditations.

They were still eating when Gil returned. He studied his map, checked his canoe and related his adventures.

"I crept up to the edge of the village and watched from a screen of bushes. I could see the river where the dug-outs were beached. Before long a group of Indians tramped down to the water. Miss Fleming was with them. The bank was some palaver or the like. She and finally the girl climbed into a canoe. I didn't wait to see the start but there's no doubt that she's on her way again."

Sandy nodded. "Did you see anything to make you believe she suspects we're following?"

"I wasn't near enough to hear the lingo," Gil said. "But I did notice that Miss Fleming seemed to be giving the Indians instructions about something. She gestured down-river and they jabbered excitedly."

"I hope she doesn't have them set a trap," Sandy observed, although he could not imagine any person of his own race and creed being as ruthless as that, no matter what the circumstances. "Just to play safe, we'll give that village a wide berth."

The Drums

PRESENTLY they were on the river once more, gliding between the lush banks. With the sun slanting down upon the green tops of the trees some of the witchery of the night before was dissipated, but not all. They moved now through a dryad's world of tall, narrow palms and sprawling banyans, of thickly matted jungle dripping with orchids that sometimes met overhead to form an archway of breath-taking loveliness. Bright-plumaged birds flew among the trees, but they were not so noisy now that day had advanced.

In the river Sandy saw fish, brilliantly colored like the birds, and made a note to try his luck that evening if there was opportunity.

They had not gone far past the village where Tyra had spent the night when Sandy was aware of a dull reverberation of sound in the air unlike any of the bush noises. Gil heard it, too, for he called to Sandy.

While they held the dug-outs steady in the current, they listened.

"Sounds like signal drums," Sandy tendered after a moment. "But I didn't know the Indians in this part of the country used drums for anything except festivities."

"Maybe there is a fiesta close by," Gil said. "But I agree with you that it sounds more like a signal."

"Anyhow, we can't do anything about it," Sandy observed, and started on.

The drums continued at intervals for several hours, then stopped.

In spite of the shaded banks it was warm work keeping the dug-outs breasting the current. More and more often, too, it was necessary to pole over shallow stretches. This took time and patience as well as skill. Both Sandy and Gil perspired freely. Early in the day they had shed everything but their shorts.

When the siesta hour approached they found a shaded sandy bar and beached there to have a bite of lunch and to stretch their cramped muscles.

Helen looked uncomfortable in her blouse and tight breeches, but when the men suggested that she change to something cooler, she insisted she was all right. "I've been thinking," she said. "You men are doing all the work, so far. I am going to look after the food—the cooking and tend to the supplies."

Land Of Spirits

GIL was quick with a retort. "Lady, lady, you don't know what you're doing to a couple of old bush rats. Lobster à la Newburg with a dash of Crêpes Suzettes on the side! I can practically get my teeth around them already."

"Don't laugh," Helen said. "Because I'm serious. Of course I'm not a first-class cook. But I do know something about it. And I can learn."

"On black beans and rice! I think you have something there," Gil commented.

"Maybe you'll be surprised," Helen said, slanting a coy glance up at him.

"More power to you," Gil said, dropping his bantering tone. "And I think you're a good sport, if you ask me."

Nobody asked Gil but Helen's look indicated that she would enjoy having some commendation from Sandy. Sensing her desire, that familiar feeling of being cornered assailed Sandy and his gorge rose in resistance. Contrarily he remained silent.

After a moment Helen brought forth a sign and Gil changed the subject.

Toward sunset Sandy saw a tiny village. As he turned into the bank a few Indians came down to meet him. Some children were among them, but when they saw Helen in her white clothes they vanished into the bush like a covey of partridges.

Sandy alighted and, in a Spanish patois, asked for the headman. An Indian somewhat taller than the others answered. "Senor, I am headman of this village of the Chimas."

"Have you seen two canoes pass here today?" Sandy asked.

"We saw them not an hour ago," the headman said carefully. "They did not stop but if they had we would have warned them not to go further."

"Does this village lie on the fringe of the Land of Spirits?" Sandy inquired.

"Si, senor, the Land of Spirits is but across the river, there!"

Sandy all but jumped as the Indian pointed dramatically. His words were so full of awe that Sandy had to look twice to make certain that the opposite bank really looked like any other part of the river.

Forgers Will Battle Corry There Friday

It was announced by Business Manager Jimmy Kamen today that the National Forge baseball team, despite the collapse of the Tri-County League, is arranging to play a series of games with the Corry Merchants before the diamond season ends in the area.

The first contest will be played at Corry Friday night, so there will be a game as was scheduled for Loveland Park in the semi-pro circuit, even though the loop is no more.

If possible, the Merchants will then return the favor by appearing Sunday at Wilder Field, with a final game to be played a week from Friday at Corry again, though these last two encounters were not definitely on the program today.

LOCAL ARCHER WINS IN DUNKIRK TOURNAMENT

Several from Warren participated in the Dunkirk Open Archery Tournament, held Sunday, August 23, at Dunkirk, N. Y. Many high scores were shot, with James Schmonsky, of this city, turning in the highest American round score of 667, which won for him the coveted Dr. W. H. Haines memorial plate.

The Allegheny Archery Club, composed of members from this vicinity, was represented at the meet by Frank Sasserson, Curtis Sasserson, Stanley Sasserson, James Schmonsky and Dr. and Mrs. F. G. Haines.

COLE HILL

Mrs. Bertha Benedict gave a wicker roast at her home on Ross Hill Wednesday evening, August 12th, in honor of her son Levern Glenn. She also made him a beautiful birthday cake. His grandparents, Mr. and Mrs. Glenn Eastman and other relatives from this place attended. He received some nice birthday gifts.

Mr. and Mrs. Charles Camp were Sunday guests at the home of her mother Mrs. Clara Schell at Corry. Mrs. Schell accompanied them home.

Miss Edna Eastman is visiting relatives at Jamestown, N. Y. G. N. Wentworth, the Cole Hill beekeeper reports that the honey crop is the poorest here for many years. The cold, wet weather is the cause. Bees have to have warm sunny days to gather honey.

Austin Will Escape Ghost Town Status

Little Austin, twice wrecked by floods in the past 31 years, will not become a ghost town.

According to Miss Cecile Kennedy, liaison representative of the American Red Cross in this area following the July 18 flood, the paper mill at Austin will reopen and once again employ 275 of the Potter county town's 1,100 population.

Residents of the community had feared the badly damaged mill would remain closed; but it has been learned the Reconstruction Finance Corporation will supply funds for rehabilitation of the industry, and that the B and O railroad has promised to rebuild its wrecked spur from Wharton to Austin.

Austin was virtually wiped out with a heavy loss of life in 1911 when the paper mill was operated by the Bayless company. A concrete dam above the town broke and sent a wall of water crashing into the town. An earthen dam above the town broke following the cloudburst of July 18 this year but the residents had ample warning and fled to the hills while they had time. Damage was said to have been greater in the 1942 flood, however, Vesta Industries Inc., is current owner of the mill.

Miss Kennedy revealed the Austin news at a meeting of the Bradford Rotary Club Monday.

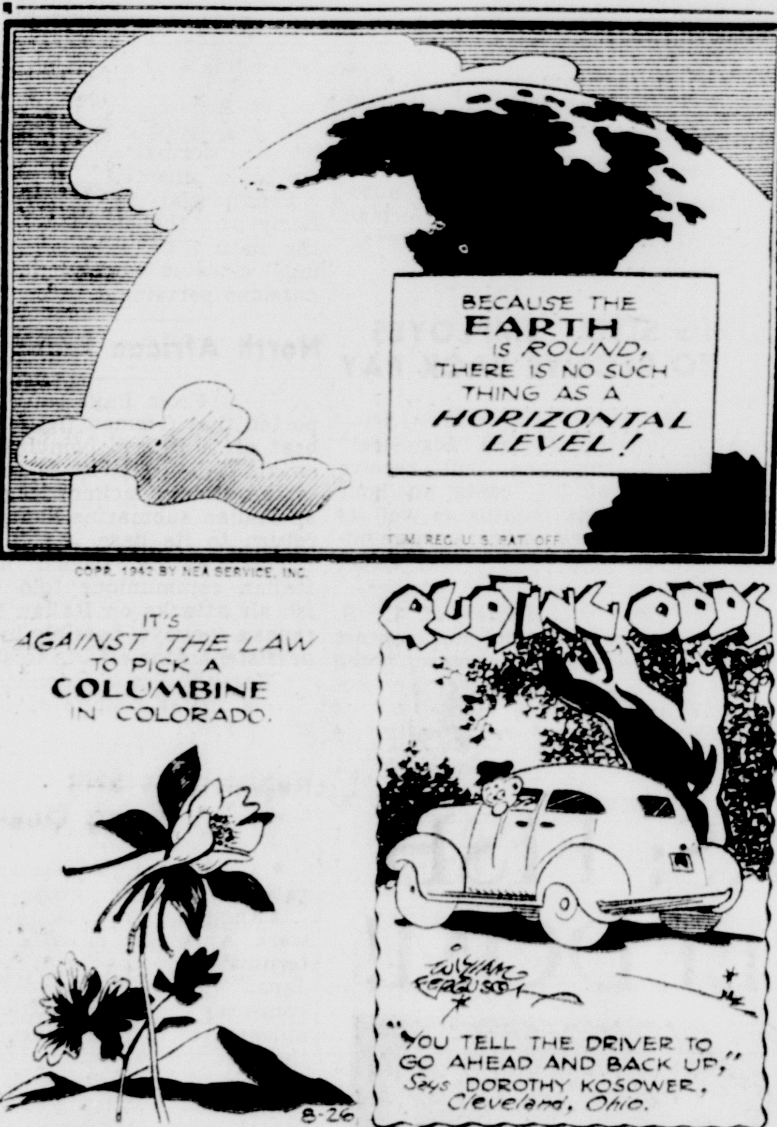

Grants of over \$150,000 will probably be made to the families affected in this area for flood reconstruction, Miss Kennedy said, although she had high praise for the manner in which so many families in this area tried to help themselves. The national representative, she said, would remain in this area until all families were cared for and after all bills were paid.

Naval Supremacy Of Pacific Is Stake In Widening Battle

(From Page One)
 attacks on Buna, on the south-eastern New Guinea mainland. Southward, Allied fighters claimed destruction of several beached Japanese barges and supplies, and at Japan's large New Britain bases at Rabaul and Gasmata, north-west of the Solomons, eight tons of explosives were dropped by bombers.

United States advantages in the possibly decisive sea battle were expected to lie in the fact that the marines have had time to dig in and consolidate their positions since they stormed ashore on the islands two and a half weeks ago.

Supported by substantial navy and army sea and air forces, the defenders, as at Midway, had the advantage of being able to send land-based aircraft against a sea attack.

After the navy's first communique yesterday on what it termed development of an expected "violent attempt" to recapture the American-held bases, one official who declined to be quoted by name, expressed the opinion that "we are winning the second round of the battle of the Solomons."

But, he added quickly, "the round is not over yet."

The entire 10,000 population of Nazca was living in the streets and fields as a result of quake damage.

Sharp Blows Being Struck by Americans

(From Page One)
 An undetermined number of casualties was inflicted by machine-gun bullets which swept the decks of two transports. The Allies lost one fighter.

Commenting on the Solomon Island battle, the Melbourne Herald said today:

"The news that a great sea and air battle is raging in the Solomon Islands confirms what has been fully anticipated. Japan could not accept the Allied successes on the islands without a major effort to reverse the situation. The consequences of the loss of the Solomons would be so serious to Japan and their capture of such importance to the Allies that it may be assumed that the greatest available naval and sea borne air strength has been thrown into the battle from the beginning of the operations. Allied observers realize that the real test is yet to come."

Duke's Death Is Not Due to Enemy Action

 (P)—General Douglas MacArthur sent this message today to Lord Gowrie, governor general of Australia:

"I am inexpressibly shocked at the loss of the Duke of Kent while so gallantly engaged in a war mission. No nobler characteristic distinguishes your great race than its willingness to sacrifice royal blood in defense of its ideals and of its country."

Washington, Aug. 26. (P)—President Roosevelt sent a message of condolence today over the death of the Duke of Kent to King George of England, queen mother and the Duchess of Kent. The text of the message was not released by the White House.

 Chungking, Aug. 26.—(P)—The counter-attacking Chinese have occupied a point four and one-half miles from Chuihsien and now are developing a "concerted attack" on that strategic Chekiang provincial city from which Japan could be bombed, the Chinese high command announced tonight.

London, Aug. 26.—(P)—The first of seven clubs for United States army nurses on leave in London was opened today with a speech by Mrs. Winston Churchill, who expressed hope that "the furnace of war will forge a strong, live friendship" between Britain and the United States.

A spokesman for the ministry of supply said the ministry was considering sending a group of British munitions workers to the United States to instruct American women in certain types of work.

British and United States ordnance already is rapidly being coordinated so that it can be used interchangeably by the two armies.

General Barnes said, and cited such devices as anti-aircraft artillery and gun mounts.

He described himself as astonished at how little bombing had damaged British industry.

The general said his mission would leave soon to return to Washington.

FARMERS: FISH FOR FREEDOM!

Craig Turner and his dog "Wofford" return home after catching a string of bream on his dad's farm near Oconee, South Carolina.

By NEA Service
FARM-GROWN fish—a new crop that presents no harvest-labor problem—are helping American farmers to provide more Food for Freedom.

By flooding waste acres of gullied or exhausted land, farmers are able to produce a finny harvest of good, high-protein food while the soil is recovering fertility. Even natural lakes or ponds on farms are now being stocked with fish in order to realize the maximum in food production from every acre.

In the realization that good food can be grown in the water, as well as the soil, farmers are fertilizing their ponds, planting fish, and putting their families happily to work harvesting a tasty crop.

Besides adding to the family's diet and food supply, the farm pond provides fishing relaxation, a handy swimmin' hole, and boating pleasure. Often, too, it will attract wildfowl and provide food to be brought down (in law-abiding quantity) by the shotgun.

With the aid of Uncle Sam, fish are planted in farm ponds and kept well fed by a simple means of fertilizing the water. Little other care is needed—no bass, crappie, bream, perch and other "lake" type fish grow rapidly and soon offer sport and food. A one-acre farm pond provides enough fishing for a good-sized family and some of the neighbors, too.

Farmers who have not taken advantage of their water reservoirs of food are being urged to do so by the United States Department of Agriculture, which will provide them with all necessary data to make fish-farming a success.

Small Dutch Ship Is Sunk

By the Associated Press

The navy announced today that a small Dutch merchant vessel had been torpedoed and sunk in the Caribbean area in mid-August, boosting to 441 the Associated Press total of announced sinkings of United Nations and neutral ships in the western Atlantic since Pearl Harbor.

One crew member was killed, four are missing, and most of the 23 survivors suffered burns when a torpedo crashed into the merchantman just before midnight. The ship sank in four minutes, but survivors were picked up 45 minutes later by a U. S. navy vessel.

"The survivors were just plain lucky," Chief Officer J. Wols reported after the rescue. "The whole aft end of the ship was covered with flames."

Nobody saw the submarine, he said.

89TH ANNIVERSARY OCCASION OF PARTY

On Monday evening 25 members and friends of the Clarendon Evangelical church pleasantly surprised Mrs. Samuel Farmer, at the home of her niece, Mrs. Arthur Bengston, to mark her 89th birthday anniversary. Mrs. Farmer came to Clarendon in 1887 and has resided there since, being well known in the community and a charter member of the first protestant church.

After a pleasant social time, refreshments were served by a committee headed by Mrs. Fred Blair. The honored guest was presented with gifts and best wishes for many more happy anniversaries.

FOR GOLDEN WEDDING... Mr. and Mrs. Richard Hansen, 18 Franklin street, will hold "open house" at their home from two until five and seven until ten on Thursday to mark the golden wedding anniversary of the former's parents, Mr. and Mrs. Christ Hansen, Pennsylvania avenue, east.

AT GRANQUIST CAMP... The W. S. C. S. of Epworth Methodist church will have a picnic dinner at the summer camp of Mrs. Oscar Granquist at Shipman's Eddy at one o'clock Thursday afternoon. Each one attending is asked to bring her own turkey, sandwiches and table service and anyone desiring to arrange for transportation is asked to contact Mrs. Andrew Thompson, 2990.

V. F. W. AUXILIARY TO NAME CHAPLAIN... All members of the Ladies' Auxiliary, Veterans of Foreign Wars, are asked to attend the regular meeting to be held in the post rooms at eight o'clock Thursday evening. A chaplain is to be named for the remainder of the term to succeed Mrs. Daisy Campbell, who resigned because of leaving town.

DORCAS PICNIC... Reservations are still being accepted for the picnic to be held at the Kalbfus Rod and Gun Club at 6:30 p. m. Friday by the Dorcas Class of the First Lutheran church and those interested may contact any of the class officers. It is hoped there will be a large attendance.

JAMESTOWN COUPLE WED IN WARREN... Robert Carlson and Virginia Snyder, both of Jamestown, N. Y., were united in marriage Saturday noon at the Grace Methodist church parsonage by the Rev. Harold Knappenberg. Present at the wedding were the bride's parents, Mr. and Mrs. Merle Snyder, and Mr. and Mrs. Everett Holdridge, of Celoron, N. Y.

SILVER WEDDING AT NORTH WARREN HOME

The home of Mr. and Mrs. Willis B. Eby, 18 Jackson street, North Warren, was a happy scene last Friday when they celebrated their silver wedding anniversary. Many beautiful flowers, other gifts, and greetings were received throughout the day and friends called from six o'clock until midnight.

The refreshments table was attractive with silver candles, wedding cake decorated with a bride and groom and a silver ship laden with a cargo of silver dollars, a gift from several friends. Mrs. George S. Hunter presided, assisted by Mrs. Charles S. Hudson, Mrs. Floyd Ahlquist and Mrs. Paul Mathis.

At a late hour, the neighbors serenaded the couple with a real old fashioned "horning bee", showered the couple with rice and performed several other stunts.

Guests from away were Mr. and Mrs. Carl L. Jones, Warren, O.; Mr. and Mrs. LeRoy Ewan, Lanesville; Mr. and Mrs. W. H. Edwards, Grand Valley.

MEETING AT IRVINE

Mrs. Harry Gillespie entertained members of the Irvine Ladies Union for their August session, with Mrs. W. P. Nutting, of Youngville, and Mrs. Raymond Poppleton, of Sharon, as out of town guests. For the devotional period, "God's Priority on Our Time and Talents" was used.

At the close of a very pleasant evening, the hostess served delicious refreshments which included a birthday cake in observance of her anniversary. All present extended best wishes.

The September 17 meeting will be held with Mrs. Roy Lightner as hostess.

THRIFTY CLUB

Mrs. M. E. Larson entertained members of the Thrifty Club of the Clarendon Evangelical church at a seven o'clock dinner Tuesday evening. Places for 17 included that of Mrs. Lorena Robert, of Washington, D. C.

For the program, Mrs. Carrie Armagost read the Scripture, followed by prayer by Mrs. George Seavy. Mrs. Gust A. Johnson invited the ladies to her home in September. The remainder of the evening was spent socially.

OMEGA PHI DELTA... A special meeting of the Omega Phi Delta Sorority has been called for 7:30 this evening in the residence building of the Y. W. C. A.
